

AAC-OVER

THE NEWSLETTER OF THE XEROX AMATEUR RADIO CLUB

***** S P E C I A L N O T I C E *****

This special notice is being distributed to tell you about the program for our November 21st meeting. Our guest speakers will be Evan Tupis, WB2ELB, and Frank Polino, K20S, from the Rochester VHF Group. They will present "The Wonders of VHF and Above" complete with audio and visuals. Come and learn how amateur radio frequencies relying on line-of-sight propagation can be used to communicate over distances of 12,000 miles (half way around the earth!).

If you missed last month's program, "The Eighth Wonder of the World", presented by Joe Stephany, N2XS, you certainly don't want to miss this month's program.

All Xerox employees, family members and retirees interested in amateur radio are invited to attend the November 21st meeting of the Xerox Amateur Radio Club to be held at the club station in conference room B, building 337. Meeting time is 5:00-6:00 P.M.

Hope to see you there! For more information please call Mike Poleshuk at ext. 29758 or ext. 24729.
